

BUILD YOUR OPINION ON KNOWLEDGE

for reliable and fair circular textile

**13-14
SEPT
2022**

Circular Textile Days is a leading event with a focus on circular and sustainable textiles. Our goal is to bring organisations in the entire circular textile chain together in order to exchange knowledge, products and services with each other and creating a sustainable future.

Participating organisations stimulate innovation and the application of circular textiles.

Circular Textile Days, for example, informs you about the new circular textile standard NTA 8195 and the Extended Producer Responsibility (UPV in Dutch).

Discover realistic, innovative and sustainable textile solutions
Join us at congress center 1931 in 's-Hertogenbosch (NL)

**13-14
SEPT
2022**

**SUPPLY CHAIN
MANAGEMENT**

**YARNS, FABRICS,
ACCESSORIES**

**DESIGN AND
PRODUCTION**

**TEXTILE
SERVICES**

**COLLECTING AND
DISMANTLING**

**REPAIR, REUSE,
RECYCLE**

REPAIR, REUSE, RECYCLE

Various recycling technologies will be presented, including innovative solutions and the latest developments in product life extension and reusing discarded textile materials.

Are you already taking steps in sustainable circular textile solutions? Or do you want to start taking responsibility in circular textiles? This is your chance to be part of an innovative circular textile movement.

Participants from all sectors join Circular Textile Days to share knowledge about truly sustainable, circular textiles and to raise awareness of sustainable developments and opportunities.

Get in touch with existing and potential players in the textile chain who are making the transition as well.
